

MEMBERSHIP

*The **Short Film Conference** has been in existence since 1970 as non-profit association for the promotion of the short film. We are the only international organization in the world seeking to unite the global short film community. More info and historical background on the Short Film Conference can be found on our [official website](#).*

Film institutions, commissions, agencies, festivals and individuals from anywhere in the world (within the short film industry) can join the Short Film Conference.

- We ask for **an annual membership fee of €40,-** (to be paid within the first month of your membership).ⁱ
- You will be asked for a **renewal** of your membership each year.ⁱⁱ
- Members of the Short Film Conference agree with our **Code of Ethics**.ⁱⁱⁱ

Paid membership gives access to an exclusive service offered by the Short Film Conference for a whole year:

- Each member gets its own **page** on our website. We will provide you with a personal username and password, so that you can edit and tweak your membership page whenever you want.
- Membership provides a festival/agency/institution with a **quality label** within the short film industry. We kindly ask paying members to help us promote the Short Film Conference by adding our logo to your website, catalogue and all external publications (if possible, with a link to our website). Our logo can be downloaded in different formats (.png, .TIFF/CYMK, Adobe Illustrator) [here](#).
- Each member will be part of our main **communication** through e-mail, newsletter (starting summer 2017) and social media. In case of festivals we will actively communicate about your call for entries, festival dates and award winners through our different platforms. We encourage all members to provide said information by mailing news and important information to info@shortfilmconference.com & keeping your festival page on our website up-to-date.
- Each member is allowed one vote during each round of the **Short of the Year**-election.
- Each member will be invited to the annual Short Film Conference during the Clermont-Ferrand Short Film Festival held at the beginning of February in Clermont-Ferrand, France. Invitations provide exclusive access to the **Conference**, the **General Assemblée** and a **Networking Dinner**. During said Conference, the chances to extend membership immediately will be provided.

31st of March 2017

ⁱ This fee can be paid through our PayPal-account (to avoid heavy international banking fees). We will send you an invoice when made clear you want to become a member or renew your membership. Please contact us if you prefer an alternate way of paying the fee.

ⁱⁱ This membership fee makes you an official member starting April 1st in Year 1, until March 31st Year 2.

ⁱⁱⁱ Our Code of Ethics offers guidelines for short film festivals to follow. It is hoped that these guidelines will be followed by festivals for the benefit of filmmakers, audiences and the short film industry.
